GZB, India

## PROJECTS

---

### Portfolio with integrated Bot / Project Link : [myportfolio](#)

- A dynamic **HTML** portfolio having all details of mine, and also I built and **integrated** a Chatbot using **IBM Cloud**.
- I used **Scratch** to teach the bot about its different responses for different relevant questions.
- **Tech Used:** HTML, CSS, IBM Watsonx, IBM Cloud platform.

### Health+ Quality Care 4U / Project Link : [health+](#)

- This is a frontend web application based on health care, The main motive of building this website is to learn to apply some of **Azure Services**.
- I have used two Azure Services which is **Static Web Apps** which is basically used to host the website and **Azure Storage services** which provides its blob storage to upload files.
- I also **Integrate** a **Health Bot** using Microsoft Azure which is already trained but we can Change its functionality according to health issues that our website is dealing with.
- **Tech Used:** HTML, Javascript, CSS, Microsoft Azure.

## INTERNSHIPS

---

- Intern at Netcamp Private Solution Ltd. (2022-23), where I learnt about Networking and Basic App Development.
- 4 weeks virtual Internship leveraging SkillsBuild & IBM Cloud done at Edunet Foundation in Collaboration with AICTE, where I learn about Emerging Technologies(AI & Cloud) from 21<sup>st</sup> Feb 2024 to 20<sup>th</sup> Mar 2024, [certificate](#).
- Feature Ready Talent program launched by Microsoft, future Skills Prime, Zuno by foundit & Github, I have access of Microsoft learn and Microsoft Azure services where I learnt about Artificial Intelligence and Azure Services, I am unable to get the certificate because my project didn't submitted by last date.
- **125+ Questions** solved at **Leetcode**: [Raman022](#).

## TECHNICAL SKILLS

---

**Programming Languages:** C, C++, Python.

**Developer Tools:** Git/Github, VS Code.

**Academic Courseworks:** Data Structures and Algorithms, Operating System, OOPS.
